

# TALON

## WATERLESS URINAL TRAP SEALANT

### TALON WATERLESS URINAL TRAP SEALANT

Ready-to-use trap liquid sealant for use in waterless urinals. Eliminates urinal odor problems. High viscosity makes TALON the longest lasting trap sealant available. Biodegradable and ready-to-use directly from container. As the urinal is used, small amounts of the sealant will be drained into the waste line and will need to be replenished (usually after 1,500 uses). **TALON WATERLESS URINAL TRAP SEALANT** will not evaporate which helps eliminate odors long term. Remains indefinitely in the trap with no use, sealing trap odors.

### Excellent for Wherever There are Waterless Urinals:

- Hospitals
- Schools
- Rest Stops
- Stadiums
- Factories

### AVAILABLE SIZES:

Stock#      Size  
TUTS32      1 quart (.95 L)
