BLUE LUBE PIPE GASKET LUBE

USES:

A blue viscous gasket lubricant for lubricating all rubber and plastic gaskets used in mechanical pipe coupling including Gruvlok* and Victaulic** type fittings. Blue Lube insures proper alignment of gaskets for correct fit during pipe installation. It works well on wet or dry surfaces and is suitable for use on potable water systems. Blue Lube is odorless and cleans up easily. Safe for use on all metal and plastic pipe.
