- **Works in less than 60 sec.**
- **Small granular beads feed directly to clog**
- **Destroys hair and grease instantly**
- **Odor free**
- **Controls root growth**
- **Will not harm chrome, polished brass or plastic**
- **Safe for septic systems**

Green-Blaster is specifically formulated for use by Professional Plumbing Maintenance Personnel working in hotels, restaurants, apartment and condominium complexes, nursing homes and schools. **Green-Blaster** opens drains clogged by grease, hair and other organic matter, controls root growth, and opens grease traps fast without the dangers associated with acid type drain openers. **Green-Blaster** can be used monthly as preventive maintenance to keep drains clear and flowing smoothly.

GREEN-BLASTER

DIRECTIONS FOR USE READ DIRECTIONS BEFORE USING

DRAINS: Measure 1 cup **GREEN-BLASTER** and add ½ cup of the **GREEN-BLASTER** slowly and directly into the drain opening. Run just enough hot tap water to dissolve all the **GREEN-BLASTER**. Do not use boiling water with this product. Hot tap water is sufficient. Cover drain opening immediately with a pre-wetted disposable rag after adding water, to avoid any excess fuming. Let stand for one minute, remove rag and flush thoroughly with hot tap water. Add remaining ½ cup directly into drain opening and run hot tap water until all the **GREEN-BLASTER** is dissolved. Again, cover drain opening with a pre-wetted disposable rag to avoid any excess fuming. To prevent drains from clogging in the future, add ½ cup of **GREEN-BLASTER** once a month. If drain is totally clogged, open drain with a snake to allow at least slight flow, then add **GREEN-BLASTER** as directed above. Rinse disposable rag with plenty of cold water to dilute any residual **GREEN-BLASTER** left on the rag. Dispose of rag in a proper manner.

GREASE TRAPS: 2 pounds of **GREEN-BLASTER** for every 100 gallon capacity of the grease trap will keep grease traps working properly. Pour in **GREEN-BLASTER** slowly, then add hot tap water until it is completely dissolved. Let sit overnight for best results.

TOILET BOWLS AND CHINA FIXTURES:

Follow directions under "DRAINS", but premix each ½ cup **GREEN-BLASTER** with 2 cups of cold water before adding to drain. Add **GREEN-BLASTER** slowly to the 2 cups of water and stir constantly to avoid a violent exothermic reaction.

SEPTIC SYSTEMS: Helps clean and actuate bacterial action in septic tanks.

ROOT CONTROL: Add 2 pounds slowly to any drain leading to a root clogged drain. Let water run in drain until **GREEN-BLASTER** reaches roots. Let sit overnight then flush with hot tap water. Use monthly to control roots.

APPLICATION PRECAUTIONS

- READ ENTIRE PRODUCT LABEL AND MATERIAL SAFETY DATA SHEET BEFORE USING PRODUCT.
- GREEN-BLASTER DRAIN OPENER CONTAINS SODIUM HYDROXIDE.
- HIGHLY CORROSIVE. CAN CAUSES SEVERE BURNS AND/OR BLINDNESS.
- HARMFUL OR FATAL IF SWALLOWED.
- DO NOT MIX WITH ACIDS, BLEACH, ALKALINE OR OTHER CHEMICALS.
- KEEP AWAY FROM CHILDREN.
- ALWAYS WEAR RUBBER GLOVES AND GOGGLES OR FACE SHIELD WHEN HANDLING GREEN-BLASTER.
- DO NOT GET IN EYES, ON SKIN OR ON CLOTHING.
- DO NOT USE IN DISPOSALS OR MIX IN AN ALUMINUM CONTAINER.
- DO NOT USE IF ACIDS OR OTHER CHEMICALS ARE IN THE SYSTEM.
- WHEN USING, PROVIDE SUFFICIENT VENTILATION TO PREVENT BUILDUP OF VAPORS OR MIST.
- KEEP CONTAINER CLOSED AND TIGHTLY CAPPED WHEN NOT IN USE.
- AFTER HANDLING GREEN-BLASTER, WASH THOROUGHLY, INCLUDING CONTAMINATED EQUIPMENT, SHOES AND CLOTHING.
- NEUTRALIZE IRRITATED SKIN WITH VINEGAR.
- STORE IN A COOL DRY AREA OUT OF REACH OF CHILDREN.
- DO NOT DROP.
- AVOID SPILLS. THIS PRODUCT WILL ATTACK ALL ORGANIC MATERIAL.
- USE ORIGINAL CONTAINER ONLY. DO NOT TRANSFER.
- FOR SALE, USE, AND STORAGE BY **PROFESSIONALS ONLY!** NOT FOR CONSUMER USE.
