

MAXIMUM SCALE REMOVING POWER

FROM
HIGH SIDE CHEMICALS, INC.

HIGH PERFORMANCE ICE MACHINE CLEANER IN A POWDER

ICE MAX

- * NO MORE DANGEROUS LIQUID SPILLS.
- * ENVIRONMENTALLY FRIENDLY.
- * NO ACIDIC RESIDUE.
- * CAN BE SHIPPED WITHOUT EXPENSIVE HAZARDOUS CHARGES.
- * NICKEL SAFE.
- * WORKS FAST. EASY TO USE.
- * INCREASES ICE MACHINE EFFICIENCY.

Ice Machine Cleaner

EXTRA LONG SHELF LIFE: When kept sealed ICE MAX has an indefinite shelf life. ICE MAX will not separate or chemically change over time. The worry of how long your ice machine cleaner has been in inventory or in the service van is gone.

PREVENTS CORROSION: A high performance corrosion inhibitor is combined with ICE MAX to help prevent future corrosion and inhibit formation of scale.

SAVES VALUABLE SPACE: One 4.4 oz. Bottle of ICE MAX is equal to over a pound of 3:1 concentrated liquid solution of ordinary ice machine cleaner. A regular ice machine cleaner will take 4 times more inventory space than ICE MAX.

SAVE FREIGHT COST: Every unnecessary pound shipped increases cost. ICE MAX weighs only 4.4 oz. While ordinary liquid ice machine cleaners weigh well over a pound. ICE MAX is over four times lighter than other cleaners.

**- CONTROL INVENTORY - CONTROL COST - SAVE SPACE - SAVE FREIGHT
- PRODUCT STABILITY - POWERFUL SCALE REMOVER**

❖ **BETTER HAZARD CONTROL,** ICE MAX avoids dangerous and messy spills that can damage your facility, vehicles and destroy other valuable inventory. Prevents liquid spills that can attract unnecessary regulatory attention.
