PLUMB-PRO
Quality Tools®

BUILT FOR THE FIELD.
MADE TO PERFORM.

Every detail matters in the field. That's why PLUMB-PRO® designs tools that make your work safer, faster, and easier—day in and day out. From our bright yellow Lid Lifters to our curb stop wrench, each tool is built for real-world conditions, engineered for control, and ready for the toughest jobs.

SMARTER TOOLS
FOR SAFER,
FASTER FIELDWORK

MADE IN U.S.A.

PLUMB-PRO®, we take pride in manufacturing 100% American-made underground utility access solutions.

LID LIFTER TOOL

These tools are built to make access faster, easier, and safer in the field. Designed for durability and everyday use—you'll want one on every truck.

5 1/4" LID LIFTER TOOL

The PLUMB-PRO® Lid Lifter replaces makeshift tools like screwdrivers with a safer, more powerful way to remove and install heavy cast iron lids. Its durable, ergonomic design provides the leverage and control needed to lift even the most stubborn lids—and with a built-in pry hook, it makes installation and removal faster, easier, and safer in the field.

Designed for standard 5 1/4" lids

Stock Code: #406
